--The invention being thus described, it will be obvious that the same may be varied in many ways. Such variations are not to be regarded as a departure from the spirit and scope of the invention, and all such modifications as would be obvious to one skilled in the art are intended to be included within the scope of the following claims.--

**IN THE CLAIMS:**

Please cancel claims 1-11 without prejudice or disclaimer of the subject matter contained therein.

Please add the following claims:

--12. A non-woven mat of inorganic fiber, comprising:

said mat having a substance weight/unit area varying in a cross direction; and

at least one edge margin of said mat is of lower substance than the remainder of said mat.

13. The mat according to claim 12, wherein opposed edge margins of said mat are of lower substance than the remainder of said mat.

14. A method of making a non-woven mat of inorganic fiber having a substance weight/unit area varying in a cross direction, at least
